### The ideal headphone for music on the move

The SBC HE205 series is perfect for enjoying music wherever you are. Twin vents ensure balanced sound, and the in-cord volume control is very convenient for adjusting sound level for personal preference.

### Twin vents for balanced sound

Acoustic airflow channeled to the two vents on each in-earpiece for balanced sound.

### 15mm speaker element for maximum wearing comfort

The compact 15 mm Neodymium speaker elements are designed for maximum wearing comfort while still providing high-quality full-range sound.

### Unique flexi-grip connection prevents cable damage

The unique flexi-grip protects the cable connection to each in-earpiece from damage.

### In-cord volume control for personal adjustment

The in-cord volume control is conveniently placed and can be precisely adjusted for personal preference (for HE225 & HE245 only).

### Carrying case for easy storage

Finished in stylish silver, the carrying case protects the in-ear headphone and is ideal for storing it when not being used (for HE215 & HE245 only).
